IEC angle coupling screwed, cast KKW2000N version socket (jack), connector type BNC, angle plug, contact design female (female), connection type other, impedance 75Ohm, insulated installation, the PRO EasyF connectors guarantee A+ shielding and simplified assembly thanks to a single clamping screw that ensures a much better pressure on the inner conductor than the connection provided by the assembly of crimp connectors. The cast housing offers exceptional durability, proven by countless installations using previous generation PRO connectors.
