Fan heater 2000W, 230 V, ws AEG VH 213 power 2000W, motor power 25W, connection voltage 1x 230 V, fan type centrifugal, air flow 80 ... 80m³/h, width 275mm, height 400mm, depth 131mm, compact, wall-hung rapid heater as full heating in the bathroom or as efficient transitional and supplementary heating, e.g. in the guest room or hobby room. The device heats the room air quickly and evenly. Electronically controlled rapid heater with an easy-to-read display and simple programming for rapid heating of the room air. The desired room temperature can be easily set on the control panel. Programmable weekly timer with 2 preset and 1 individually programmable time program. With adaptive control as a learning function for reaching the comfort temperature at exactly the right time in timer mode. Programmable comfort and setback temperatures. Selectable open window detection function to avoid wasting energy. High quality self-limiting ceramic radiator. Robust and durable plastic housing. Optimal ease of use thanks to the top-mounted control panel and large, easy-to-read display. Adjustable control panel lock to prevent unintentional adjustment of the control panel. Easy and stable wall installation by just one person: Wall bracket is mounted on the wall separately from the device and can be readjusted. The device just needs to be mounted. The device has a connecting cable with an angle plug. Rear cable storage and lint filter in the air intake. 3-stage safety concept with self-limiting ceramic radiators, temperature monitor and built-in temperature fuse.

**YOUR ADVANTAGES**

**WORLDWIDE TRADE**  
Corporate video eibmarkt®

\* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

\*\* Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

\*\*\* Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
