166,86 GBP excl. VAT**
plus shipping bulky item

3-5 days* (GBR)

Vertical riser cladding STVW 200 S Design of the side wall U-profile, side wall height 203mm, length 3000mm, material steel, other material quality, surface galvanized, color none, vertical riser cladding for wall-mounted vertical risers STL and STM, consisting of 2 side parts, 6 cover retaining springs, 1 cover, as well as 6 FLM 8x16 F, strip-galvanized according to DIN EN 10346. The space available under the cladding is sufficient so that clamps for up to 3 cable systems BU.../3 and BUK.../3 can be installed. The side parts are mounted on site with the accessories on the riser. After completing the installation, the cover is snapped on with the cover retaining springs. Due to external influences, such as wind loads, outdoor use is only possible with additional security (self-tapping screws, steel band, etc.).

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
