plus shipping

14-16 days\* (GBR)

Unwinding rail AS900 10142 The unwinding rails AS 900 are designed for the safe unwinding of heavy cable goods and cable drums with a diameter of 500 mm to 2000 mm. The stable stainless steel and aluminum construction with high-quality, maintenance-free, heavy-duty rollers with ball bearings ensure a long service life. Easy and quick changing of the drums thanks to the roll-off brake. Due to their two-part narrow design, they can be used very well in tight spaces. The roll-off rails are particularly recommended where different cable types are to be processed next to each other within a short time.

### YOUR ADVANTAGES

**WORLDWIDE TRADE**

Corporate video eibmarkt®

**99% CUSTOMER SATISFACTION**

> 500,000 customers worldwide

**DHL TRACK & TRACE**

\* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

\*\* Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

\*\*\* Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
