2-level wireless repeater pure white glossy FRP65/230V-wg bus system wireless bus, other bus systems without, mounting type surface-mounted, nominal voltage 230V, degree of protection (IP) IP20, min. depth of the device box 33mm, 2-level wireless repeater wg pure white glossy in the housing for surface mounting 84x84x30mm or installation in the E-Design switch system. Standby loss only 0.8 watts. 2 stainless steel countersunk screws 2.9x25mm and dowels 5x25mm are included. Supply voltage 230V. This repeater is only required if the structural conditions prevent undisturbed reception or the distance between the wireless pushbutton and the receiver is too great. The 2-level mode is activated. The signals from sensors and actuators are received, checked and sent on at full transmission power. The radio signals from another 1-level repeater are also processed. A signal can thus be received and amplified a maximum of 2 times. Radio repeaters do not have to be taught in. They receive and amplify the signals from all wireless sensors in their reception area.

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
