KNX surface-mounted presence detector alpine white mini Premi 6131/21-24 bus system KNX, presence detector design, surface-mounted installation, material plastic, material quality thermoplastic, surface untreated, surface design matt, color white, RAL number (similar) 9016, with bus coupling, extension input , creep-under protection/rear field monitoring, stairwell monitoring, adjustable response brightness, teach function for response brightness, optimum installation height 3m, detection field diameter on the floor 8m, number of channels 4, min. switch-on time 10s, max. switch-on time 1092min, min. depth of the device box 0mm, detection range (at 2.5 m, 3 m and 4 m mounting height): circular. Seated people Ø: max. 5 m, max. 6.5 m and max. 9 m. Walking people Ø: max. 6.5 m, max. 8 m and max. 10.5 m. Structure height 16 mm. With 4 channels. For dimming/regulating the brightness to a defined value in a designated detection area. HVAC function for controlling heating and/or cooling systems as well as ventilation systems in the designated detection area. Detector application with 2-stage switch-off function. Detector application with integrated monitoring function. Constant light controller with up to 2 independent channels. Constant light controller with max. 2 outputs for brightness-dependent dimming/control of two light strips in the room. Integrated object room temperature controller. 10 freely programmable IR channels (blue and/or white) including 5 logic channels (logic gate, gate, delay and staircase light). Evaluation via internal brightness sensor. Weighting of up to 2 external brightness values and the internal brightness sensor possible. The programming button can be activated with the IR hand-held transmitter 6010-25(-500). With integrated KNX bus coupler. Suitable for suspended ceilings with a panel thickness of 9 to 25 mm. Mounting hole dimension: Ø 68 mm. Suitable for surface mounting in combination with a AP housing. Does not fit in the British Standard and VDE flush-mounted box. Recommendation: HaloX-O flush-mounted box from Kaiser (item no. 1290-40) with the appropriate cover (1290-47 or 1290-85 for fair-faced concrete) or IBTronic H120-68 from Spelsberg (item no. 97600501).
