14-16 days\* (GBR)

Energy distributor stone 3-fold with radio receiver. 230 3FE3 number of sockets 3, number of built-in sockets 0, switching function other, material other, material quality other, surface other, design of the surface not applicable, color natural, RAL number (similar) 0, width 250mm, height 255mm, depth 240mm, Suitable for degree of protection (IP) IP44, the triple power distributor is made of polyraisin. The material is visually and haptically indistinguishable from a real stone. It can thus be integrated unobtrusively in the garden and blends harmoniously into the overall picture. On the back there is a 5m long supply line with a protective contact plug, with additional cut-outs to the left and right being provided for this. Behind the door at the front are the sockets and the radio receiver, set slightly inwards. Below the door there are 5 recesses for the wiring of the consumers to be connected. All sockets can be switched independently of one another using a wireless hand-held transmitter that is available separately. Matching hand-held transmitters are FHS815 and FHS3215.

**YOUR ADVANTAGES**

\* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

\*\* Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

\*\*\* Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
