DIN rail white L=1500mm 5-pin VLTM 1500-5 Version 1-length, variable device carrier spacing, with wiring, number of wiring cores 5, material steel, color white, length 1500mm, width 64mm, height 50mm, protection class I, degree of protection (IP) IP20, mounting rail for surface and pendant mounting. Torsion-resistant, profiled support rail made of galvanized sheet steel, coated on both sides with white (similar to RAL 9016), silver (similar to RAL 9006) or black (similar to RAL 9005) synthetic resin. The rail is available in two and three lengths. Break-out openings are pre-punched on the top at both ends for cable entry. Can be used for light strips with protection class IP20 and IP54. Flexibly tappable power supply 5 x 2.5 mm². Continuous color coding in blue. Mounting rail color white. Mounting: The mounting rails can be mounted or completed with the mounting and accessory parts. Junction points are available for the production of light line figures. The mounting rail must be completely closed with device mounts or blind covers.

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
