Connection connector for LED strip 10mm LSTR10UNISAS Type of accessory Connector, With the connection connector, the feed can be attached to the LED strip without soldering. Thanks to the flat and narrow design, the connector can also be used in aluminum profiles. Both the connecting cable and the LED strip are pushed into the connector and this is then closed. Due to the design, however, the connector can only be closed once. The connector is suitable for unicolor LED strips with a board width of 10mm, a board thickness of 0.25 - 0.35mm and a maximum chip placement of 120 LEDs per meter. The maximum load is 36V and 5A. Suitable for flexible cables with a maximum cross-section of 0.5mm².
