Set, IG, AG + 10m cable, R32 k/h 3.33/3.38kW AW 36 HP (SET) Cooling and heating principle, model (interior part) wall (high), controlled via inverter, type refrigerant other, connection voltage (System) 230V, absorbed cooling capacity 0.29 ... 1.5kW, cooling capacity 3.4 ... 3.4kW, absorbed power heating 0.29 ... 1.72kW, heating capacity 3.42 ... 3.42kW, EER (cooling) 3.008, COP (heating) 3.709, Energy efficiency class cooling A++, Energy efficiency class heating A+, Annual energy consumption cooling (550 hours - full load) 621.5kWh, Indoor unit height 250mm, Indoor unit width 777mm, Indoor unit depth 201mm, Height of the outdoor unit 498mm, width of the outdoor unit 777mm, depth of the outdoor unit 290mm, color of the inner part white, number of blower stages 3, air volume flow cooling 430 ... 550m³/h, air volume flow heating 430 ... 550m³/h, sound pressure level inner part cooling 22 ... 40dB(A), sound pressure level indoor part heating 22 ... 40dB(A), sound power level indoor part 32 ... 50dB(A), sound pressure level Pressure level outdoor unit cooling 50 ... 50dB(A), sound pressure level outdoor unit heating 50 ... 50dB(A), sound power level outdoor unit 60 ... 60dB(A), dehumidification capacity 1.2l/h, pipe outer diameter condensate drain 20mm, operating temperature cooling (Dry Bulb) -15 ... 53°C, Operating temperature heating (wet bulb) -15 ... 30°C, Min. pipe length 5m, Max. pipe length 10m, Max. height difference 10m, With air purification filter, With remote control, With wireless remote control, With timer program/timer, cable set included, cable set with quick coupling, cable set length 10m, energy efficiency class spectrum A++ to E, set: Quick Connector split air conditioner. Split air conditioner as a wall model with an outdoor unit, connected to each other by a flexible hose line for refrigerant. The 10 m long, pre-filled connecting line can be easily connected using the quick-release coupling. The air is sucked in at the indoor unit via the top. The air outlet can be individually adapted to the room conditions with the help of adjustable air deflection slats. Cooling function, heating function, refrigerant R32, infrared remote control, quick connector, inverter technology, pre-filled connecting line 10, cooling capacity 1.00/3.40/3.77 kW, heating capacity 1.00/3.42/3.81 kW, annual electricity consumption cooling 195 kWh/a, annual electricity consumption heating 840 kWh/a, SEER cooling 6.10, SCOP heating 4.00, energy efficiency class cooling A++, energy efficiency class heating A+, power supply 230/1/50 V/~Hz, R32 refrigerant, GWP 675 kgCO2eq., refrigerant content 0.55 kg, indoor unit...

YOUR ADVANTAGES

WORLDWIDE TRADE
Corporate video eibmarkt®

99% CUSTOMER SATISFACTION
> 500,000 customers worldwide

DHL TRACK & TRACE
Shipment tracking

COMPLAINTS HANDLING
Obliging and 100% safely

25 YEARS OF EXPERIENCE
In worldwide mail order

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
