**21,31 GBP** excl. VAT\*\*  
plus shipping

3-5 days\* (GBR)

WMD 16/8 wall bushing, warm-cut D=8-16mm, heat-shrink version, cable diameter 8 ... 16mm, length 700mm, max. wall thickness 480mm, wall opening diameter 40 ... 40mm, the 3M WMD heat-shrinkable wall bushing is used to seal telecommunications and power cables in wall and wall penetrations. It enables the gas and watertight introduction of cables and pipes into the building. The cables or pipes can also be pulled in at a later point in time and installation as a reserve bushing is also possible. The wavy surface of the wall duct is coated with a special sealing material. This allows you to achieve a permanently watertight seal when closing the breakthrough opening with mortar or cement. The scope of delivery consists of a polyolefin shrink tube shrunk onto a support coil, a cable cleaning cloth and the assembly instructions.

**YOUR ADVANTAGES**

**WORLDWIDE TRADE**  
Corporate video eibmarkt®

**99% CUSTOMER SATISFACTION**  
> 500,000 customers worldwide

**DHL TRACK & TRACE**  
Shipment tracking

**COMPLAINTS HANDLING**  
Obliging and 100% safely

**25 YEARS OF EXPERIENCE**  
In worldwide mail order

**ORDER LIVE CHAT**  
With order history

**SHORT DELIVERY TIME**  
Warehousing

**REFUND**  
Within 14 days

**DATA PROTECTION**  
Guarantee

\* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

\*\* Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

\*\*\* Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
