Wiring duct HF gray HTWDHF-37.5X375.5 Height 37.5mm, width 37.5mm, slot spacing 7.5mm, slot width 5mm, slotted side wall design, length 2000mm, halogen-free, self-extinguishing, non-tracking, usable cross-section 833mm², fastening type base perforation, with Upper part, color light gray, excellent fire protection properties. Narrow slots suitable for small diameter wires. Smooth, burr-free edges protect installers from injury and cables from damage. Easy removal of the bars without sharp edges due to predetermined breaking points. Duct covers hold securely even in vertical position and under vibration. The lid is flush with the side of the duct, allowing for tight, contiguous placement of the duct. Base perforation according to DIN EN 50085. HellermannTyton halogen-free wiring ducts are used in places with a high concentration of people, high property values or high security requirements. These include, for example, tunnel systems, public transport, elevator systems and data centers. Note: Halogen-free PC+ABS is not resistant to all oils and greases.

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
