Ind.Ethernet Switch Spider Standard SL-44-08T1O6O699TY9H SPIDER III PoE Standard Line, entry level switches for DIN rail mounting. The switches of the SPIDER III PoE Standard Line are highly flexible, configurable and support PoE+. They thus enable fast, reliable and cost-effective data transmission over longer distances. Up to 8 PoE+ ports, each with a capacity of 30 W and a total output of 120 W. Fast and Gigabit Ethernet variants with support for jumbo frames meet high data throughput requirements. 5 ports for Fast Ethernet or up to 10 ports for Gigabit Ethernet, including optional fixed ports for single and multimode fibers or slots for SFPs (Small Form Factor Pluggable). LEDs for monitoring network and device status as well as power supply. Extended temperature range (-40°C to +70°C). Withstand harsh environmental conditions thanks to IP30 metal housing. Top-hat rail mounting and quick commissioning via plug-and-play functions.

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
