Traffic light LED module AC/DC 6-24V, rt-gn-ye 3SU1401-1BG24-3AA0 With lamp, with integrated diode, socket without, voltage type for actuation AC/DC, lamp LED, connection type auxiliary circuit spring-loaded connection, color of the lamp other, Traffic light LED module with integrated LED AC/DC 6-24V, red-yellow-green, spring-loaded connection, for front panel mounting SIRIUS ACT LED module for illuminating the SIRIUS ACT command and signaling devices with brilliant luminosity thanks to energy-efficient LED technology. Under the brand name SIRIUS ACT, Siemens offers a unique portfolio of command and signaling devices with worldwide product approvals in four modern design series made of robust real metal and high-quality plastic. The innovative snap-on concept simplifies assembly so much that only one hand and no special tools are required. Groove-free holes are sufficient as mounting holes, as 100% anti-twist protection is already integrated. Thanks to the consistently high protection class, the robust devices are suitable for industrial use and outdoor use. Even cleaning with a high-pressure jet is possible. Neither dust, oils nor aggressive alkalis can disrupt reliable operation. In addition to standard wiring, the devices can also be connected to the controller via PROFINET, AS-Interface or IO-Link. This means you can reduce your wiring effort, minimize sources of error and gain more flexibility. The graphical online configurator provides convenient support when selecting and ordering individual devices, housings and labels. Extensive documentation (e.g. manual, 3D data, connection diagram) is available. Available versions: several colors, different voltage variants, different connection and mounting types. SIRIUS ACT - Performance in Action when commanding and reporting. Simply assembled, simply strong, simply perfect.
