Short-circuit current limiter 3-pole 63A 600VAC S803W-SCL63-SR Number of auxiliary contacts as NC contact 0 Number of auxiliary contacts as NO contact 0 Number of auxiliary contacts as changeover contact 0 Number of poles 4 The short-circuit current limiter of the S800 series increases the short-circuit breaking capacity of the downstream switching devices. A distinction must be made between the SCL and the SCL-SR devices. The latter are self-resetting devices. The advantage of this self-resetting S800-SCL-SR short-circuit current limiter is that a continuous flow of current to all downstream switching devices is guaranteed, which simplifies group protection. Up until now, a separate short-circuit current limiter was used with the S800SCL devices for each feeder, in order to be able to ensure that, in the event of a fault, all the other branches apart from the faulty branch continue to work. This is no longer necessary - now you can protect a whole group of motor protection switches / high-performance circuit breakers with just one S800-SCL-SR. Can only be used for permitted combinations.

### YOUR ADVANTAGES

**WORLDWIDE TRADE**  
Corporate video eibmarkt®

**99% CUSTOMER SATISFACTION**  
> 500,000 customers worldwide

**DHL TRACK & TRACE**  
Shipment tracking

**COMPLAINTS HANDLING**  
Obliging and 100% safely

**25 YEARS OF EXPERIENCE**  
In worldwide mail order

**ORDER LIVE CHAT**  
With order history

**SHORT DELIVERY TIME**  
Warehousing

**REFUND**  
Within 14 days

**DATA PROTECTION**  
Guarantee

\* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

\*\* Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

\*\*\* Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
