Foam block 200x144x60 br FBA-B200-14 Foam block design, square shape, accessories required, product width 144mm, product height 60mm, panel thickness/product length 200mm, The permanently elastic, closed-pore foam block is the basis for the PYROPLUG Block cable seal and is suitable for creating box-shaped cable seals in massive components. The partitioning system has been tested and approved for fire resistance classes S90 according to DIN 4102-9. Please refer to the proof of usability for areas of application and approval data. After completing the installation, the remaining joints between the cables and the foam blocks must be sealed with the filler compound PYROPLUG Screed type FBA-SP (to be ordered separately) in accordance with the proof of use.

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
