Energy column anth without devices 135628 Number of sockets 0, switching function without, material metal, material quality aluminium, other surface, design of the surface not applicable, color anthracite, width 142mm, height 1600mm, depth 75mm, suitable for degree of protection (IP) IP44, Gira energy column with 4 empty units, height 1600 mm, unequipped, anthracite Gira energy profile and light profiles with and without light elements for outdoor use. The columns are made of powder-coated aluminum. The base elements for columns up to 1400 mm are also made of powder-coated aluminium. The base elements for columns from 1400 mm are made of powder-coated steel. Each in the color anthracite according to the GSB standard. The surface is weather and UV resistant, dirt and scratch resistant. Features: Freely configurable Gira energy profile with 4 empty units. The four empty units can be individually equipped on site with device inserts from the Gira TX_44 switch range or from the System 55. Notes: Columns with a height of up to 1400 mm can be attached to a stone or concrete base with an optionally available ground socket. Columns with a height of 1400 mm or more can only be fastened with 3 heavy-duty dowels on stone or concrete. Recommendation: mount an earth leakage circuit breaker in front of the device. Attachment with three heavy-duty dowels. The electrical separation of mains and low voltage that may be required can be implemented with the enclosed accessories.

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
