Small room fan M1150 Mains frequency 50Hz, rated voltage 230V, mounting type wall/pipe mounting, housing material plastic, color white, volume flow 260m³/h, protection class (IP) IP45, nominal width 150mm, configuration standard, axial design, direction of ventilation, small fan MiniVent M1/150 with energy-saving EC motor, standard model with 2 performance levels (260/220 m³/h) . With its excellent design, MiniVent M 1 blends in harmoniously everywhere - even in rooms with a sophisticated design. The closed, shapely facade completely avoids looking into the dirty fan opening. Equipped as standard with a tightly closing return air shut-off flap. Thanks to the new ultraSilence technology, the noise level is 35 dB(A) at a volume flow of 220 m³/h. Universally applicable for the ventilation of bathrooms, toilets and other rooms.

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
