Bolt FBN II 8/10, design=for driving in, material=steel, material quality=other, surface=galvanic/electrolytically galvanized, thread size (metric)=8, fastening strength=10 mm, drill hole diameter=8 mm, bolt length=71 mm, Der fischer bolt anchor FBN II is a steel anchor for economical fastenings in non-cracked concrete. Thanks to the long thread and the two anchoring depths, the fischer bolt anchor FBN II can be used particularly flexibly. In addition to pre-positioned and push-through installation, the bolt anchor is also suitable for spaced installation. In the version made of galvanized steel, the bolt anchor is suitable for railings, cable trays, consoles indoors.

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
