LED pendant light 3000K steel 2460-55 energy efficiency class of the built-in light source A++, A+, A (LED), energy efficiency class spectrum A++ to E, light source LED not replaceable, with light source, nominal voltage 230 ... 230V, housing material steel, housing colour other, design of the grid without, length 990mm, width 165mm, suspension included, pendant length 1200 ... 1200mm, protection class (IP) IP20, effective luminous flux 1840lm, light color RGBW, system power 24W, the pendant light Q®-FISHEYE impresses with its versatility and the intelligent Q® lighting control. The lamp made of steel can be swiveled and adjusted as desired using a ball joint on the spotlight. The light comes with eight built-in 3.0 watt LED bulbs. Each lamp emits around 230 lumens and you have the option of letting the lamp shine in real warm white (3,000 Kelvin) or in one of over 16 million color nuances. This regulation is done via the Q® remote control, which is included with every Q® light. The remote control can be used to operate individual lights and groups of lights (up to 20 individual lights or Q®-Bulbs for a maximum of 3 groups), change their brightness and color and save them. Create an atmosphere according to your personal well-being. All Q® lights can also be integrated into existing smart home systems based on the ZigBee wireless standard. With the connection to a ZigBee-compatible bridge from a third party (e.g. UBISYS G1 etc.), the lights can then be controlled by smartphone, tablet or PC using an associated app. The spots of the lamp are movable and can be adjusted as desired.

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
