Feed-through terminal 8WH6004-0AF01 Connectable conductor cross-section, finely stranded without ferrule 0.14 ... 0.14mm<sup>2</sup>, Connectable conductor cross-section, finely stranded with ferrule 0.14 ... 2.5mm<sup>2</sup>, Connectable conductor cross-section, solid 0.34 ... 4mm<sup>2</sup>, Connectable conductor cross-section, stranded 0, 14 ... 2.5mm<sup>2</sup>, rated current In 30A, rated voltage 800V, electrical connection 1 plug-in terminal, electrical connection 2 plug-in terminal, connection position at the top, number of levels 1, number of clamping points per level 4, type of mounting DIN rail TH35, material of the insulator thermoplastic, operating temperature -25 ... 55°C, flammability class of the insulating material according to UL 94 V0, width/grid dimension 5.2mm, height with the lowest mounting type 38.5mm, length 72mm, end plate required, color blue, IPO terminals, feed-through terminal, series terminal Connection technology for various industrial applications and modern building installation from Siemens. Regardless of whether you opt for the screw-type tension spring push-in or quick connection: All connection technologies can be freely combined with each other. The labeling and testing accessories are standardized and can be used across the board. Many applications in industrial, functional and residential buildings can be implemented with the terminal blocks from SIEMENS. So you have the right connection technology for every connection. The main features of the Siemens terminal blocks are: 1. Permanently safe contact. 2. Easily detachable connection of electrical connections such as cables and wires. 3. Realization of a variety of applications. 4. Convenient and simple assembly and connection technology. 5. Extensive and standardized accessories. 6. Reliable safety during installation thanks to touch protection as standard. 7. Optimum technology for your safety - only from Siemens. For the safe, efficient electrical infrastructure in buildings and industry, Siemens offers an integrated portfolio of protective switching, measuring and monitoring devices, distribution systems, switches and socket outlets.

**YOUR ADVANTAGES**

**WORLDWIDE TRADE**  
Corporate video eibmarkt®

**99% CUSTOMER SATISFACTION**  
> 500,000 customers worldwide

**DHL TRACK & TRACE**  
Shipment tracking

**COMPLAINTS HANDLING**  
Obliging and 100% safely

**25 YEARS OF EXPERIENCE**  
In worldwide mail order

**ORDER LIVE CHAT**  
With order history

**SHORT DELIVERY TIME**  
Warehousing

**REFUND**  
Within 14 days

**DATA PROTECTION**  
Guarantee

\* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

\*\* Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

\*\*\* Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
