Switching relay 1W pot. free 10A/250V ER61-UC partially electronic function, flush-mounting type, width in modular units 0, installation depth 18mm, number of NO contacts 0, number of NC contacts 0, number of changeover contacts 1, control voltage 1 8 ... 230V, type of control voltage 1 AC/DC, frequency of the control voltage 1 50 ... 50Hz, rated current 10A, supply voltage 250 ... 250V, type of voltage of the supply voltage AC, max. incandescent lamp load 2000W, max. fluorescent lamp load 1000VA, max circuit) 1000VA, max. fluorescent lamp load (parallel compensated) 500VA, max. switching current (cos phi = 0.6) 4A, switching relay UC. 1 potential-free changeover contact 10A/250V AC, incandescent lamps 2000W. No standby loss. For recessed and surface mounting. 45mm long, 45mm wide, 18mm deep. The latest hybrid technology combines the advantages of wear-free electronic control with the high performance of special relays. Universal control voltage 8..230V UC. Very low switching noise. Due to the use of a bistable relay, there is no coil power loss and no heating as a result, even when switched on. The relay contact can be open or closed during commissioning and is synchronized with the first actuation. This relay is not suitable for feedback with the switching voltage of a dimmer switch. Only use the relays ESR12DDX-UC, ESR12NP-230V+UC or ESR61NP-230V+UC for this. The electronics do not have their own power supply and therefore no standby loss. Only when the control contact is closed is the microcontroller activated, which switches the bistable relay in the right direction. When the control contact opens or the control voltage drops, it switches back.

YOUR ADVANTAGES

WORLDWIDE TRADE
Corporate video eibmarkt®

99% CUSTOMER SATISFACTION
> 500,000 customers worldwide

DHL TRACK & TRACE
Shipment tracking

COMPLAINTS HANDLING
Obliging and 100% safely

25 YEARS OF EXPERIENCE
In worldwide mail order

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
