Signal tower 24VAC/DC 8WD4420-0EA2 Other function, outer diameter 70mm, color black, operating voltage at 50 Hz AC 24 ... 24V, operating voltage at 60 Hz AC 24 ... 24V, operating voltage at 24 ... 24V DC, type of voltage AC/ DC, adjustable tone, degree of protection (IP) IP65, volume 102 dB, siren element, multi-tone 102 dB, 8 tones + variable volume, black, AC/DC 24 V, diameter 70 mm SIRIUS 8WD4 siren element for the modular design of signal towers, e.g. for visual and /or acoustic warning devices or to control complex processes. Thanks to the high degree of protection, the robust devices are suitable for industrial use and extremely resistant to shock and vibration. The safe bayonet lock allows easy assembly and quick replacement of the acoustic elements. The tone and volume of the acoustic elements can be adjusted. In addition to a permanent light, flashing flashing and rotating lights in various colors and voltages as well as buzzers and sirens are also available. They are available in various diameters, optionally also capable of communication via connection to AS-Interface. Optimum light distribution is achieved by using several LEDs in a light module. Bases, tubes, adapters, bulbs, LEDs and tube adapters are available as accessories. SIRIUS 8WD signal towers - modular and communication-capable.

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
